

X. Dentistry in Hungary

With reliable guarantee for you, your friends and colleagues!

Consultation – general consultation, if patient has no specific demand for dental service. It can be arranged personally, **by phone or through video conference**.

The state of teeth and patient's demand **are examined**. Further treatments and dates are discussed. **The consultation is free of charge!** During the consultation, the client gets a **personalized quotation about the accurate and particular treatment plan and detailed cost calculation**. If you decide to have resort to our services, **your smile will become perfect step by step** according to the treatment plan agreed with you. You need to finance always the actual treatment accordingly, so you can precisely plan your cost in advance.
